

## INDUSTRY TRENDS WATCH IN 2025

Global actuators are a large, growing pool of demand: the market is projected at about USD 72.1 billion in 2025, reaching USD 94.9 billion by 2029 (7% CAGR). Electric actuators alone are estimated at USD 14.8 billion in 2025, rising to USD 25.2 billion by 2034 (6.1% CAGR).

Macro drivers are strong: global energy investment topped USD 3 trillion in 2024, with USD 2 trillion flowing to clean-energy technologies and infrastructure. Grid upgrades will continue to pull through precision motion components and annual grid investment will nearly double to >USD 600 billion by 2030 to meet climate goals.

## PRODUCT SPOTLIGHT

### DBX ACTUATING LEVER

SEE Linkages manufactures high-precision DBX Actuating Levers from SS 304 stainless steel using advanced CNC VMC machining and specialized tooling. With heat treatment and customized holding methods, these levers ensure durability and accuracy. Widely used in the power sector, they serve as critical components in essential electromechanical assemblies.

## LIFE @ SEE

### Ganesh Utsav at SEE Linkages: Celebrating Creativity and Devotion

One of the highlights was an idol-making activity, where employees crafted beautiful Ganpati idols from clay.
